

EIR's Gore Dossier

The following are the highlights of EIR's more than 15 years of investigative reporting on the philosophy, political connections, and activities of Albert Gore, Jr. All of the following items are available in full on www.larouche.com, and many of them can be linked directly through this article on the website. They represent the starting point for anyone carrying out a thorough review of the pedigree and performance of the man now being touted as a "Global Warming" superstar.

1992

"Gore's New Book Sets Agenda for Environmentalist Dictatorships," a review of *Earth in the Balance*, by Margaret Sexton, April 3, 1992.
