

No to the Empire's Pothead Dictatorship!

Below are excerpts of the Aug. 6 intervention by LaRouche Youth Movement organizers Betiana González and Rosina Castillo, against pro-drug Supreme Court justice Eugenio Zaffaroni during the opening session of the Soros-sponsored Latin American Conference on Drug Policy in Buenos Aires.

Rosina: George Soros is the most prominent international speculator — he's financing this conference —and given what you're doing, you should be thrown out of government; you shouldn't be there.

Zaffaroni: so you'll be in the government?

Rosina: You can kick me out of here, but now people will know what George Soros is, what the Dutch embassy is — and [the British] who kicked us out of the Malvinas. Do you think that you can defend human rights this way? In the middle of an economic crisis, what you're doing has nothing to do with human rights.

Zaffaroni: Now, be quiet. You've said enough, you've had your chance to speak.

Rosina: It may be enough for you, but Argentina is really suffering.

Betiana: You can kick me out of here, but now people will know what Soros is, what the Dutch Embassy is—and [the British] who kicked us out of the Malvinas.

Do you defend human rights? What human rights are you talking about when drugs cause addiction?

Zaffaroni: You already spoke!! Enough! When you're in power, you won't let us speak either.

Betiana: You can't shut me up! Drugs cause addiction, and a person who's addicted isn't free, so you're lying because the point is that drugs destroy

Citizens and conference attendees snatched up the handout, whose front page reads "George Soros and his Imperial Masters: Narcos and Legalizers." It explains the British Empire's new Opium War against the Americas, and the role of the Nazi-trained Soros in it.

the mind, and all young people who drug themselves know very well that drugs destroy their ability to think. So legalization means menticide! Why is the British Embassy here? Why is Soros so interested in having Latin America legalize drugs? This is population reduction! They're worried that there are too many youth...they don't want them to think, or to have a future. This means killing the conscience of our youth, of our future.

We young people are not going to keep quiet. We aren't going to allow you to impose your pothead dictatorship, because that's what you're talking about—a dictatorship of the potheads.

by Aníbal Fernández, completely altered the academic dynamic that organizers had tried to create. They exposed the Anglo-Dutch and Soros hands that financed and organized the conference, and caused a media

storm that identified LaRouche's fight against the British Empire as the one whose outcome will determine whether Argentina, and the world, survives. And *that*, is London's worst nightmare. Why?
