

## NSIPS Exclusive Interview

### Lt. Gen. Yarborough

# “It’ll Take A Big Hot-Foot To Destroy Civil Liberties”

July 3 (NSIPS) — *The following are two interviews conducted this week with Lt. General William Yarborough, U.S. Army-retired, on the threat of a wave of “left” terrorism over the July 4 weekend of American Bicentennial festivities. Yarborough, who keynoted the April 26-28 Glassboro (N.J.) Conference on “nuclear terrorism” with the announcement that “the CIA controls 95 per cent of all terrorism,” was former head of U.S. Army Intelligence, head of Special Training at Fort Bragg, Georgia, and a top CIA consultant on countersurgency warfare specializing in African affairs.*

*In an interview immediately following the April 26-28 Glassboro Conference, Yarborough, expressing much more confidence in the potentials of a Rockefeller-ordered “nuclear Pearl Harbor” scenario, predicted that there would definitely be a nuclear terrorist development, first as a hoax, then as “the real thing.” His evident demoralization on that question at this time is to be directly referred to the shift in the political environment once favorable to the credibility of such an operation as a result of international exposure of the plan by the U.S. Labor Party and International Caucus of Labor Committees.*

**NSIPS:** Lt. General Yarborough, what is your present assessment of the international terrorist activation slated for this weekend?

**Yarborough:** The Weathermen will surface all over the country on July 4 in a wave of terrorism that will not stop until the U.S. population decides its ready to give up some of its civil liberties. This terror will be international in scope, international. I am encouraged though by certain developments in (West) Germany. I would have thought that the Germans were so tarred with Hitler’s brush that they would have had to have been made to bend over backwards before they would begin denying civil liberties. I was encouraged by Interior Minister Maihoffer’s disbarring of the lawyers who were defending the Baader-Meinhoff terrorists. But overall there is no hope on the horizon. It’s going to take a hotfoot far more terrifying than people’s fears of computerized Identification cards, free-wielding police search-and-seal and the sight of the military in the street. Once the terrorism begins on the 4th of July, it won’t let up.

**NSIPS:** What do you think will develop around the Uganda airplane hijacking?

**Yarborough:** Idi Amin (President of Uganda-ed.) is in a great deal of trouble; he’s widely known as being viciously anti-Israel. If he works with Israel against the PLO — and I know the PLO is behind the hijacking — or if he cooperates with the hijackers, either way there will be destabilizing

effects in Kenya, Ethiopia and Somalia.

**NSIPS:** Could the incident lead to nuclear war?

**Yarborough:** Absolutely not. No one will pull the nuclear trigger. The Soviets have us pinned down. The Soviets are experts at surrogate-warfare. They don’t need nuclear warfare. They’re kicking us out of Africa now.

**NSIPS:** What about the possibility of the PLO using a tactical nuclear weapon?

**Yarborough:** Remember, terror is fundamentally a psychological weapon. Unfortunately, they seem to understand this weapon better than we do. There could be some kind of nuclear terrorist blackmail attempt, but I’m afraid at this point that it would have to go on for months before any kind of actual bomb would be detonated.

*The following is an extracted segment of a follow-up interview with Yarborough some days later.*

*The following interview was conducted later this week:*

**NSIPS:** Are you aware of the military plan known by the code-name Operation Bicentennial, apparently a military coup plan in the circumstance of Bicentennial terrorism!

**Yarborough:** I do not doubt that an update of Operator Garden Plot, which we set up during the late 1960s to deal with the explosions in our country’s ghettos, exists and is ready to be activated on July 4. Of course, you know the major area of concern is the delicate time period between when the civil disorders begin and when martial law is finally implemented. During 1967-68, when I was head of Army Intelligence, I was brought in under orders from my superiors to help the Justice Department set up their computer bank (ed. note: the IDIU — Interdepartmental Intelligence Unit). This was a time when the Justice Department and the FBI were not talking. Justice had no access to any intelligence. We were sending troops into the ghettos with no advance intelligence picture. Troops were disoriented and it was a mess. We set up an intelligence capability in the Justice Department. Once they got their house in order, I was ordered to pull out. And the military has stayed out ever since. Now, the Justice Department runs the entire operation up until the moment that they decide that federal troops must be called in. Then the Justice Department moves its operation into the Pentagon, and we run the show together.

It’s going to take the big hot-foot to put people into the right frame of mind where they will be ready to sacrifice their too damn precious civil liberties.

**NSIPS:** Are you aware of the U.S. Labor Party and its claim that the government runs the terrorists?

**Yarborough:** I am well aware of the U.S. Labor Party! They are a group of agitators. Ask Marius Livingston of Glassboro State College in New Jersey about that group. They conducted a bona fide marxist disruption of a conference at

Glassboro a few months ago. They broke up every conference seminar under the cover of being legitimate conference participants. It was a very sophisticated job. The Labor Party is not like the Weathermen. They keep their jackets and ties on all the time. But like every overt Marxist group since the time of Lenin, they have underground terrorist networks. I'm sure they do.

## Win 'TRO' In Philly

# Labor Party Scores Legal Victories Against IPS Terrorists

PHILADELPHIA, July 2 (NSIPS) — The U.S. Labor Party won a Temporary Restraining Order (TRO) against the terrorist Revolutionary Union and "Rich-Off-Our-Backs" Coalition, controlled by the Institute for Policy Studies, in the Eastern District Court here today. In a closely related case strengthened by this victory, a Federal judge, in the same court today, scheduled hearings for next week on a USLP suit for a similar TRO against the "right wing" of the Institute-Justice Department conspiracy against Constitutional government in the United States.

Originally filed in Federal Court in Pittsburgh where Judge R. Marsh held an all-day hearing June 24, the latter suit names Attorney General Edward Levi, FBI Director Clarence Kelley and operatives of the Treasury Department's Alcohol, Tobacco and Firearms Division as defendants. The suit declares a state of emergency to exist following a death threat against USLP witness and member Scott Thompson, and an attempted assassination of former National Security Council agent Roy Frankhouser, a hostile witness for the USLP regarding Justice Dept.-ATF control of deployments of "far right" hoodlums and killers against USLP electoral candidates and organizers.

### **Philly Case**

In today's RU case, Federal District Judge Cahn granted an order restraining RU from attacking, harassing or depriving Labor Party members of constitutional rights to free speech and assembly, due process, and equal protection of the law. The TRO names the RU, the Revolutionary Communist Party, Rich-Off-Our-Backs, United Workers Organizing Committee, Philadelphia RU leader Ernie Douglas, and eleven other individuals.

At the hearing's start, however, Judge Cahn indicated that he would not grant the USLP's request that the TRO also bar the Philadelphia Police Department's "Civil Disobedience Squad" headed by Lt. George Fencel from conspiring with the RU and other defendants against the USLP's rights, and from deliberately refraining from enforcement of the law during RU's conspicuous violent interference with USLP organizing and electoral campaigning.

Fencel and his faction of policemen watched as Ernie Douglas led an assault by half a dozen RU zombies on USLP Congressional candidate Steve Douglas on June 2. Fencel has also consistently defied the wishes of Philadelphia Mayor

Rizzo that the RU-Coalition's planned violent counter-demonstration against the city's July 4 Bicentennial festivities be investigated and isolated or stopped.

In declining to name Fencel in the TRO, Judge Cahn explained that due to the rush nature of today's hearing, he was unwilling at this time to take any action that would restrain the Philadelphia Police Department over the July 4 weekend. He then scheduled a July 8 hearing to consider extension of the order to Fencel and its conversion into a preliminary injunction pending criminal proceedings.

Cahn proceeded to hear legal arguments and evidence concerning the RU. Appearing under subpoena, former Federal agent Roy Frankhouser testified that he had been sent into the RU by the Treasury's ATF Division, he reported RU to be a violent group in possession of guns and explosives.

USLP Congressional candidate Steve Douglas also testified on the pattern of recent RU attacks on the Labor Party and their interface with preparations for July 4 terrorism scenarios targetting Philadelphia, in which the RU has been assigned a central role by that organization's controllers at the Institute for Policy Studies.

The Labor Party has received information that a meeting of right-wing controllers of the FBI and the ATF was held in New York to plan the assassination of Roy Frankhouser and Labor Party member Scott Thompson.

According to the information, the following were present at the meeting: William Sickles, Imperial Wizard of the Adamic Knights KKK, who directs what he has termed a "corps of ex-convict killer"; Al Lentz, Grand Dragon of the Independent KKK, who collaborated with the federal Law Enforcement Assistance Administration in a major harrassment campaign against the USLP in York, Pa. last year; Frank Draeger, head of the National Revolutionary Army, who jumped bail on gun-running charges June 26; and Charlie Holland, New York Grand Dragon of the United Klans of America and armorer at the prison in Walden, N.Y. Members of Draeger's National Revolutionary Army are known to be actively collaborating with Institute for Policy Studies terrorists of the Revolutionary Union to provoke violence at the Philadelphia July 4 celebration.

To cover the planned assassination, Frankhouser was simultaneously named as an FBI and CIA operative in "The Crusader — the Voice of the White Majority" which is printed
