

Levi Brings Interpol Into Justice Dept.; Montreal Olympics, Boston Targets of "Live Terror"

July 11 (NSIPS) — Attorney General Edward Levi announced July 9 that Interpol — the Rockefeller faction's semi-private international terror and crime infrastructure — has been brought into the Justice Department.

By so acting, Edward Levi has declared himself personally responsible for any act of terrorist violence carried out by the Institute For Policy Studies terrorist gangs during the Montreal Olympic Games and during this week's Boston area Bicentennial celebrations and New York City Democratic Convention. As the facts of last week's Uganda hijacking hoax demonstrate, no significant act of international terrorism can be executed without the full logistical support of Interpol.

Interpol's integration under Levi nearly completes the process of consolidation of an illegal domestic insurrectionary apparatus within the Justice Department — a process initiated nearly one decade ago. The Levi takeover of the Interpol apparatus — previously run out of the Treasury Department — now brings the full range of Interpol assassination, destabilization, drug running capabilities long used against Third World populations to bear directly against the U.S. working class; under Levi fingertip control.

Terror Targets: Montreal, Boston

The Justice Department's Institute-Interpol apparatus is now in place pending final go-ahead orders for renewed terrorist operations — directed continentally against the Montreal Olympics and the Boston visit of England's Queen Elizabeth II.

International Atlanticist press sewers have pumping out a barrage of scare stories once again warning that Interpol phantom killer "Carlos" is loose in Montreal. The July 7 edition of *Le Figaro*, the French daily, confirmed the Interpol activation, citing "investigations" now underway in Bonn, Paris, and Canada into planned terrorist raids on the Olympics. Interpol's International President, C. Willitt, himself a high ranking official in the Royal Canadian Mounted Police is in regular contact with Levi's office on a daily basis.

In Boston, the Treasury Department's Alcohol Tobacco and Firearms division — itself an integral unit within the Justice Department's Organized Crime Strike Force and domestic Interpol capability — has flooded the city with nearly 80 Special Agents. Last week, state police officials, operating on the basis of Labor Party political intelligence briefings on the Institute terrorist operations, arrested three area terrorists and confiscated 2,000 pounds of dynamite.

The fallout from those successful police moves threatened to blossom into a scandal paralleling the June, 1975 exposure of the National Security Council's Reading, Pa. terrorist depot. Boston media reports revealed that the same cache of dynamite had been shared by the Cambridge Institute-controlled "left" terrorist Sam Melville and Jonathan Jackson Brigade and the "right" racist South Boston Defense League. The Boston press also charged that federal agencies had been closely monitoring the activities of the

Institute terrorists for weeks — without making the obvious arrests. State Police finally arrested one terrorist near the Maine State Police barracks with a carload of bombs!

To both squash the potentially devastating exposure of the "left-right" hoax and to guarantee the salvaging of the "live" option for terrorist attacks against the July 12 simultaneous appearance in Boston of the "Operation Sail" fleet and Queen Elizabeth, ATF Director Rex Davis personally went to Boston to confer with agent-in-place Police Director Robert DeGrazia, and publicly announce the doubling of the ATF contingency in the area. As the Labor Party 1975 Reading investigation confirmed, such ATF moves are open signals of planned terrorist activations.

Government Resistance

Levi is getting trouble from other quarters as well as local police. NSIPS interviews this week with Treasury Department officials confirmed that there is significant resistance within that agency and within Congress to the Interpol move. As one top Treasury official put it, "We see absolutely no need for action. There is grave concern over the dangers of too much power being consolidated under one agency. Levi wants complete control over every facet of law enforcement and he is now damn close to getting it ..." Another official described the fight now underway in the Congressional Appropriations committees as being parallel to the 1908 Congressional floor fight over the attempted creation of a national police state apparatus, the Justice Dept's Bureau of Investigation.

But both these characterizations understate the significance of Levi's move.

Levi's takeover announcement coincides with the European Economic Community Interior Ministers proposal for the immediate upgrading of international anti-terrorist cooperative agreements and unified military actions — all moves that would be instituted through Interpol channels. These combined moves represent a global tightening up of Rockefeller control over the international terror-destabilization capability.

All in the Family

The direct chain of developments dates back to 1967 when "Operation Garden Plot" and the allied master computer bank, the Interdepartmental Intelligence Unit, were both established under Justice Department jurisdiction. In 1973, in the midst of a "watergate" type scandal directed against Drug Enforcement Agency head and Nixon appointee John Bartells, that Agency head and Nixon appointee John Bartells, that Agency was also absorbed into the Justice Department octopus.

The "insider" on the Bartells operation — Andrew C. Tartaglino — then head of DEA internal security, was appointed by Levi this week as the new head of U.S. Interpol. Tartaglino's immediate supervisor under the consolidation is Deputy Attorney General Harold R. Tyler Jr., a longtime Levi protege at the University of Chicago and now additionally a member of the National Security Council's Undersecretary Committee.
