

This Imperial System must find its end, and it must start in America—America must act to immediately halt the Empire. I ardently implore you to reinstate Franklin D. Roosevelt's banking separation as quickly as possible, indeed in the original form of Glass-Steagall. It is indispensable for the continued survival of humanity. May God aid you to this end.

Free us Europeans, and the rest of humanity, from entering into a very dark period, which could go down in history as the new plague of the 21st Century. If you have a conscience, can you really take it upon yourself, not to have acted and not to have known, and instead to have acted to allow a small, greedy elite to carry out such a crime against God's Creation? This was allowed already once before in history and we all know how that ended: tragically, in pure Fascism. What is taking place in Europe and our country since the introduction of this disastrous euro, is worse than any description; we are developing back towards the Stone Age. And the Troika laughs!

Europe needs you. We need your courage, the courage to take back that freedom for humanity, of which the American people were once so infinitely proud.

I therefore urgently ask of you, to reinstate Glass-Steagall as quickly as is possible.

U.S. Congress Told: Europe Needs You

May 1—*The following letter has been sent from a German City Councilwoman to members of the U.S. Congress.*

Dear Honorable Ladies and Gentlemen,

Europe is breaking up, falling apart into pieces. We have almost reached the very edge of the precipice; but a small push will send thousands to their deaths, by hunger and by the illnesses they suffer, to a terrible end.

It is therefore just a question of time, until the EU Troika sends millions of innocents to lurch over the edge.

This monetarist policy robs the human individual of everything: first, their freedom; second, the legacy for which their parents and grandparents worked so hard; and third, their own work, through which they are still able to lead a life in human dignity. All that counts, are the profits; whole populations pay the price.

REVIVE GLASS-STEAGALL Now!

"The point is, we need Glass-Steagall immediately. We need it because that's our only insurance to save the nation.... Get Glass-Steagall in, and we can work our way to solve the other things that need to be cleaned up. If we don't get Glass-Steagall in first, we're in a mess!"
