

AN IMPEACHABLE OFFENSE

‘Color Revolutions’: Obama’s Unconstitutional Wars

by William F. Wertz, Jr.

June 10—In his webcast on Friday, June 6, 2014, American statesman Lyndon LaRouche called for the impeachment of Barack Obama for continuing to conduct war, as did Bush and Cheney, on behalf of the British Empire, under the cover of the so-called Color Revolutions and the so-called Arab Spring. This Color Revolution policy, enunciated by Tony Blair in 1999 in a speech in Chicago, and initiated following the British Empire/Saudi Arabia-orchestrated 9/11 attack on the United States, was explicitly denounced by Russian President Putin and top military officials in Russia and Belarus at a May 23 conference in Moscow, as the warfare it is (see following article).

Head of Operations for the Russian General Staff Vladimir Zarudnitsky said: “Colored revolutions are a new technique of aggression, geared towards destroying a state from within.” In an interview on French TV prior to the celebration of the anniversary of D-Day June 6, President Putin himself pointed to the fact that Europe and the United States are supporting an anti-constitutional armed coup in Ukraine which unleashed chaos and violence right on Russia’s border, and that the same type of operation is being attempted in Syria.

LaRouche emphasized in the webcast that this policy has been “going on in Northern Africa, in games with the Saudis, in games with terrorists, or Blair’s operation in setting up the Iraq War, which was an unlaw-

ful war, a violation of everything by the British monarchy, the British Empire.”

The British Imperial Hand

In comments on June 7, LaRouche added that 9/11 was actually a “color revolution” directed at the United States. The purpose of this attack on the part of the British Empire and its Saudi Arabian ally was to turn the United States into the instrument for launching perpetual warfare under the doctrines of “limited sovereignty,” “responsibility to protect,” and “humanitarian intervention.” The ultimate aim of that policy is to reduce the world’s population, i.e., genocide—hardly humanitarian.

In his speech in Chicago before the Economic Club on April 22, 1999, Blair put forward the British Empire policy of so-called “humanitarian intervention,” in violation of the principle of “non-interference” in the sovereign affairs of another nation-state, as was established by the Treaty of Westphalia in 1648.

In a later speech on March 5, 2004, i.e., after 9/11, Blair was even more explicit:

“So, for me, before Sept. 11, I was already reaching for a different philosophy in international relations from a traditional one that has held sway since the Treaty of Westphalia in 1648; namely, that a country’s internal affairs are for it, and you don’t interfere unless it threatens you, or breaches a treaty, or triggers an obligation of alliance.”

Tony Blair has been the front man for the British Empire's "Color Revolution" policy, since his 1999 speech in Chicago calling for an end to the principle of Westphalia. He is shown here, in 2009 hyping the empire's "climate change" fraud.

Violating the Constitution

The warfare carried out by both the Bush-Cheney administration and Obama, is a strict violation of the U.S. Constitution, which gives Congress the unique power to declare war. On these grounds alone, Obama should be immediately removed from office, before his war policy, supported by his Cheneyac collaborators, provokes World War III.

In addition to violating the Constitution, the color revolution policy is in direct violation of Article 2 of the UN Charter, which says: "All Members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state."

It also merits prosecution under the principle established by the Nuremberg Tribunal, that it is a war crime and a crime against humanity to wage aggressive war.

And yet this is the policy which the Bush/Cheney Administration carried out against Iraq under the influence of Blair's lies about weapons of mass destruction. It is also the policy under which Obama carried out the intervention to overthrow Qaddafi in Libya, and has attempted to overthrow Assad in Syria. It is also the doctrine under which Bush/Cheney tortured suspected terrorists, and Obama has murdered innocent civilians and even American citizens in Yemen, Pakistan, and Afghanistan, through drone attacks. It is also the doctrine under which Obama carried out a Nazi coup in Ukraine.

In the name of humanitarian intervention and the

responsibility to protect, also vehemently espoused by the witches who immediately control Obama, including Susan Rice, Samantha Power, and Valerie Jarrett, the United States under Obama has allied with al-Qaeda terrorists in Libya and Syria, and with Nazis in Ukraine.

Real, If Undeclared War

LaRouche stressed in his webcast: "The war has been going on, but it's not called a war. Well, for example, let's take the case of what happened just now recently, in terms of the Ukraine policy. The Ukraine policy is actually under the control of people with Nazi backgrounds."

Since the G.W. Bush Administration, but also under the Obama Administration, the United States has been conducting warfare—actual warfare—that violates the Constitution, and committing crimes against humanity.

LaRouche continued: "What they've been using is what they call 'guerrilla warfare.' And under the name of gangsters and guerrilla warfare types of operation, they've moved in on various countries. For example: All of the Saudi operations of international terrorism were done under British direction. For example, 9/11 was a British Empire operation. Bush and Cheney organized and supported and concealed the fact that there was a warfare operation being run by the British Empress, under her supervision all the way through.

"Now, Tony Blair's operation, for the Queen, was in organizing an Iraq war that was illegal. It is a fraud against the nations. What's happening now, is that Obama is the patsy. It's actually the Queen who runs the thing, but Obama's been the patsy who's been running, in the name of the United States, support for operations which are actually warfare. In other words, what Obama has been doing, in his meddling in Europe with military operations, is a violation of the Constitution per se. They're conducting war. What was done in Iraq: the same kind of thing, the precedent. Northern Africa: same precedent. It was actually warfare directed by the United States, in violation of the Constitution.

"Now, the question is: When are there enough patriots in the United States in power in government, who will actually say, 'This is illegal warfare under international law, and it's also illegal under the Federal Constitution. The President of the United States cannot conduct war without the approval of the Congress. Cannot be done.' But it's being done all the time, especially by

Obama. But Cheney was doing the same thing! Cheney was the guy who organized the cover-up of 9/11.”

The Satanic Empire

The color of the revolution launched within the United States was “green.” This is the Queen’s policy to reduce the world’s population from 7 billion to 1 billion human beings. This is also the policy which Tony Blair implicitly enunciated in his 1999 Chicago speech, with his attack on the sovereign nation-state.

In his webcast, LaRouche stated: “If you know history and you go back to the cases of the Zeus-versus-Prometheus issue, and trace that history, which comes from a Greek drama and its account. But this was what the Roman Empire was! This was what the mass execution of Christians was, by the Roman Empire. This is the British Empire. The British Empire was modeled on the Roman Empire.

“So, we’re dealing with an imperial force of a quality which has always been called ‘satanic.’ In other words, ‘Zeus’ is a Greek name for Satan. The Roman Empire was a satanic institution. The mass killing of Christians certainly defines it as a very evil force—a satanic force. The British Empire is also a satanic force.

And this is the reality.

“The green policy in the United States: It’s a satanic program, created by the British Empress herself. The green policy is a mass-murderous scheme against the people of the United States. The attempt to cut down carbon now, is a mass-murderous project. Who’s doing it? Obama. Who is he doing it for? Well, the Queen wrote the recipe, and gave the orders.

“The question is: Does the United States have the moral fitness to survive? Now, the test is, if it has the moral fitness to survive, it is going to, first, immediately dump Obama; dump him, and impeach him. He’s fully impeachable. He’s more than impeachable.

“We can’t wait until the next term of office; we have to have certain things now, because we’re in a bail-in creation. You know what bail-in is? Bail-in is a time when the banks don’t give you interest, they take interest away from you, and they do it on the basis of their method of speculation. So, they speculate you down. They drain the United States of every resource. They eliminate the U.S. population, by bail-in. And bail-in is already in process. And if we don’t get Obama out of office soon, most of you citizens out there are going to be dead, probably this year.”
