EIR

From the Editors

In response to the first question asked at the July 11 LaRouchePAC webcast, Lyndon LaRouche said, as conveyed by EIR's Dennis Small, that the purpose for removing Barack Obama from office by constitutional means, is to return the United States to "its rightful role in the concert of nations." "That would then set the standard for the honorable role that the United States must play today under the current conditions of crisis, bringing the nations of the world together around the common aims of mankind and our common mission towards the future of mankind on this planet and beyond, in the Solar System and the galaxy," he explained.

In this issue of EIR, we provide the full transcript of that webcast (*Feature*), which presents in some depth, the features of the crisis, and movement toward a solution, which portend precisely such a change in the United States. In it, the potential for the U.S. joining with the coalescing Eurasian partnership, the potential for impeachment, the imminence of a financial blowout, the global battle over Argentina, and much more, are analyzed in some detail, from the standpoint of what the U.S., and its citizens, must do.

In this context, it is appropriate that we also publish a full transcript of the latest LaRouchePAC New Paradigm show, which was devoted to "How Mankind Can Control the Global Water System," with the requisite upshift in energy-flux density (*Science*). In the face of the current killer drought in the American West, this dialogue presents clear prospects for a solution.

The rest of the issue is comprised of strategic news updates. Internationally, we see the British Empire's escalation toward confrontation with Russia, and perpetual genocidal war, the latter reflected vividly in the latest *pre-planned* Israeli war on the Palestinians. Helga Zepp-LaRouche presents the alternative in her article on the New Silk Road development path being offered by China to the West, with emphasis on her native Germany.

In *National*, we update the Congressional motion toward impeachment of Obama, with emphasis on moves to halt his illegal wars, and his threat to detonate a new one, if he is not removed.

The major economic/strategic news of the week is occurring as we go to print—the formation of a New Development Bank and Contingent Reserve Arrangement by the BRICS nations, which represents the germ of a new, just financial architecture. The latest developments in the fight between Argentina and the London-Wall Street vulture funds, which we cover in *Economics*, represent part of the process of that world-shaking event. Expect much more next week.
