

# Is the Democratic Party Already Dead?

by Lyndon H. LaRouche, Jr.

*The LaRouche Political Action Committee released this statement for the widest possible circulation.*

Aug. 27—Already, clearly more than half of the legally adult citizenry of the United States has bitterly rejected both the Obama Presidency's policies and those of most of the members of the U.S. Congress. The Democratic Party is virtually finished, if the Party does not change its policy to one of opposition to both the hated, thieving bail-out, and cancel all support for that health-care policy of President Obama which is an exact copy, in explicit content, of the 1939-1942 health-care policies of dictator Adolf Hitler personally, health-care policies of Hitler which were introduced to British law's NICE policy of the liar, Tony Blair. This is that same, evil Tony Blair, who orchestrated the U.S. plunge into the recent Iraq War, and is now part of the process of plunging the U.S. into an even worse catastrophe now rapidly escalating in Afghanistan.

My policy, which I intend shall be reported everywhere, is the following.

1. Since President Obama was elected, we can not simply dump him, unless he must be impeached, an outcome which we should not desire at this time. We must keep him in place, and protect him from the clear and present threat of an assassination-attack from British or related sources angered by fear that President Obama's present, London-dictated U.S. policies must be termi-

nated. We must seek to avoid that impeachment, which we can do if the deeply emotionally troubled President himself will agree to cooperate with worthy advisors in what I propose will amount to a reasonable degree of "adult supervision" for the purpose of protecting him against his own, already manifest, so far characteristic impulsive expression of greatly impaired judgment while in office.

To this effect, we have many suitable officials in key positions within the U.S. Presidency today, provided we eliminate those associated with the architects of his explicitly Nazi-copied health-care program, and with the behaviorist cult circles generally. We also have available some suitable expert advisors of the Presidency on matters of dealing with the presently onrushing general breakdown-crisis of the U.S. and other national economies of the planet now.

2. We must, at the same time, push through the combination, in effect, of the original Pecora commission as originally empowered, and apply the explicit authority of the original intention of our Federal Constitution; to establish national banking as the notion is associated with the memory of Alexander Hamilton; and, cancel the authority of the corrupt and almost certainly hopelessly bankrupt Federal Reserve System, that we might return, as a nation, to those explicit terms of our Federal Constitution

which establish our system as that of a credit system, rather than the alien model of a monetary system.

3. To effect a recovery, certain steps must be taken immediately, before the close of the present U.S. fiscal year, to negotiate what is fairly estimated as an available four-power agreement among the U.S.A., Russia, China, India, and other nations willing to participate now, to establish an international fixed-exchange-rate credit system as a total replacement for a terminated, hopelessly bankrupted, presently existent monetary system
4. Through suitable actions in bankruptcy, we must undo the “bail-out” arrangements which have been chiefly responsible for those effects which have brought a majority of our citizens to hate their present Federal government. Otherwise, if that is not done, and done promptly, not only the U.S.A., but every nation on the planet is now on the verge of disintegrating in an unwinding which will be underway no later than the concluding several months of the calendar year 2009.
